Times may be adjusted once the routes are established. If you live near one of the bus routes and need an additional stop, please let us know and we will try to accommodate each family's needs.

Academy at Charlemont Bus Schedules and Rates (2011-2012)

Bus Rates

School year bus passes are available for all routes. Families may sign up on registration day or throughout the year. Annual bus passes are invoiced equally over 9 months (Sept to May). Please contact the office for additional information. Except for the FRTA route, **depending on the total number of riders we do offer partial discounts for circumstances such as qualification for financial aid, siblings and students who have driver licenses.** Rates may also be subject to additional fuel charges.

The FRTA is not an Academy owned route and is subject to different regulations and is subsidized by the US Department of Transportation and the Franklin Regional Transportation Authority. Families may purchase FRTA year long Academy passes from the school that will be invoiced monthly, or purchase pass books directly from FRTA. Students may ride the FRTA anytime for \$1.00 to Shelburne Falls and \$1.50 to Greenfield. Pay the driver when boarding the bus.

Academy Routes: The other four bus routes are either operated or subcontracted by the Academy. Students without year long passes may ride these routes by signing a designated clipboard as they get on the bus. These routes cannot take cash. If a student has a pass for one of the Academy bus routes they made ride any other Academy bus at no additional charge. Although there is usually additional seating on each route we are unable to guarantee a seat for students without bus passes.
