Greetings and Happy Summer!

All books should be purchased prior to the beginning of the school year. We are providing you with the title, author, and ISBN number for each text. World Eye Bookshop in Greenfield has a copy of this list, and we encourage you to shop locally. It is important that you purchase the correct edition of each book, and the ISBN ensures that you will receive the correct book.

The Academy Parent Council will be trying an online Book Sale this summer for textbooks. Diane Bigelow (P'14, '16, '21) will send out information soon on how to purchase and sell textbooks.

We have hired a new Spanish instructor. Claire Huttlinger comes to us with 20 years of teaching experience, both in Spain and in the Pioneer Valley. She will be in touch regarding any book needs for her classes closer to the start of the school year.

If you have questions about Math or Science, please e-mail John Schatz at jschatz@charlemont.org. If you have questions about Language, Art, History, or English, please e-mail Neale Gay at ngay@charlemont.org.

12th Grade Summer Homework

Humanities 12:

1. Compose a statement that explains your personal philosophy, right now, as a young person about to begin his or her senior year of high school. This statement should be no longer than two pages double-spaced; you will need to be as concise as possible.

If you do not know where to begin, start by free-writing answers to any or all of the following questions:

- What practices or beliefs inform how you live your life? Would you recommend these practices to anyone? If not, why do you choose to live this way?

- How do you construct meaning out of your experiences? For instance, do you think that things happen to you, seemingly at random? Do you feel there is a force that is guiding or is protecting you?
- Who, or what, is responsible for what happens to you?
- Does life have a purpose?
- What kind of life is worth living?
- What do you know is true? What do you believe is true? Is there a difference?
- How can humans overcome despair and achieve happiness/fulfillment?
- Why do we exist?
- Do our activities, accomplishments, goals, and dreams have any lasting value?
- Can anything be understood completely? Does it matter how completely you understand the world and your existence within it?

2. After writing this statement, read and annotate Herman Hesse's *Siddhartha*.

French:

- Mme. Mauri will be in touch regarding summer homework for French.
