HIGH SCHOOL COURSE & TEXTS

As we offer for all grade levels, what follows is the book list for the 2022-2023 school year. All books should be purchased prior to the beginning of the school year. We are providing you with title, author, and ISBN number for each text. It is important that books match the ISBN number, as matching numbers ensure that every student has the same edition as their teacher. We ask that you support local bookstores if possible. **Please make sure to look through each discipline listed below to find the appropriate texts for your child.**

SCIENCE

As outlined below, 9th-11th grade students take science with their grade level. 12th grade students have elected to take either Physics II or Environmental Science.
