

2021-2022 Upper School Book Lists

Class Books

As we offer for all grade levels, what follows is the book list for the 2021-2022 school year. All books should be purchased prior to the beginning of the school year. We are providing you with the title, author, and ISBN number for each text. It is important to make sure that the book you order matches the ISBN number, as matching numbers will ensure that students have the same addition as their teachers. We ask that you support local bookstores if at all possible. If you have books from previous years that you'd like to pass on, or are looking for used books from Academy families, feel free to use this [Academy Textbook Exchange](#) spreadsheet to make contact with other families.

If you have questions about books, please contact Neale Gay at ngay@charlemont.org.
